Why I Got Vaccinated: Student Spotlight

My name is Mia Biermann. I got vaccinated because I missed out on so much my senior year with both school and family. Even though I am not immune-compromised, both my grandparents are not being able to see them for almost a whole year was really hard so by getting the vaccine I was able to see them again. I also got it so that I could have a normal college experience. I had my senior year taken away from me because of this pandemic so I wanted to make sure the same thing did not happen during college.
