PRESIDENT NANCY H. BLATTNER LEADERSHIP SCHOLARSHIP

As announced at Convocation, President Blattner has created a new scholarship for undergraduate students. Students interested in applying for the scholarship can [click here](#), read the prompts below, and submit via the online form.

Select one of the topics and write an essay of 1000-1500 words in response to the essay prompt below.

Topic One: There have been many people and events in your life that have influenced you, that have shaped the person you are today. Please select one or two of those people or events and describe them in detail. Then, explain the

impact each has had on your life and what you have learned from the person or event you have chosen for the subject of the essay. How has this person or event affected or changed you? Be specific as you describe this impact.

Topic Two: Fontbonne's mission speaks to providing a transformative educational experience. How specifically has your experience at Fontbonne or the people you've met while on campus transformed you? Give multiple specific examples of ways that you have changed due to your experiences or interactions with people on campus as you've been educated to think critically and act ethically to create a more just world.

Submissions will be reviewed on responsiveness to the chosen topic on organization and specificity of content as well as grammatical correctness.

Names of those submitting the essays will be removed before they are read in order to ensure anonymity of the writer and lack of bias in evaluating the submissions. Two \$1000 scholarships will be awarded for the spring 2023 term. Winners will be notified by November 15, 2022.
