

Modification Three of Motion: from UCC--Pillars

Modification Three of Motion: from UCC: It is moved that the current general education courses specifically related to Pillars be adopted for Fontbonne University's general education program entitled *Culture and the Common Good*.

Rationale: The development of the new general education program *Culture and the Common Good* necessitates the identification of courses that will meet the newly adopted general education learning outcomes. As part of the current general education offerings, the courses identified with this motion will provide continuity as the new general education program is implemented.

Date of Implementation: Immediate upon approval.

PILLARS-18 CREDIT HOURS. Students must choose courses from 6 of the 7 categories and complete at least one lab science course for a minimum of 18 credit hours.

Social and Behavioral Sciences. Completion of this requirement partially meets the state transfer articulation guidelines for *Social and Behavioral Sciences*.

Students must select one of the courses below to fulfill this requirement. The Culture and the Common Good (CCG)-tag fulfills a Bridges category.
